

SUBJECT : PAPER-501 : PHP MYSQL

THIRD YEAR B.C.A. (SEM. V) EXAMINATION

This pdf file contains 2013 to 2019 Years question Papers list of above subject. The question Bank will be upload in future for the students

1. Mar/ Apr – 2013
2. . Mar/ Apr – 2014
3. Mar/ Apr –2015
4. Mar / Apr – 2016
5. Mar / Apr – 2017
6. Mar / Apr – 2018
7. Mar / Apr – 2019
8. Oct / Nov – 2013
9. Nov/Dec – 2014
10. Nov/Dec – 2015
11. Oct / Nov – 2016 SET 1
12. Oct / Nov – 2016 SET 2
13. Oct / Nov – 2017
14. Nov/Dec – 2018

Third Year B.C.A. (Sem. V) Examination

March / April - 2013

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ Third Year B.C.A. (Sem. V)

Name of the Subject :

☐ PHP MYSQL: Paper-501

Subject Code No.:

Seat No.:

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Student's Signature

(2) Give appropriate example, when require.

(3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

(i) Explain `mysql_free_result()` and `mysql_close()`;

(ii) Differentiate between `$name` and `$$name`.

(iii) Explain Ternary operator with example.

(iv) Explain an Associative array.

(v) Explain POST method.

(vi) Differentiate between `include()` and `require()`.

(vii) Explain persistent cookie.

(viii) What are default session time and path?

Q.2 Answer the following: (Any Two)

14

- (i) Differentiate between `mysql_fetch_array ()` and `mysql_fetch_assoc ()`
- (ii) Explain how to use MySQL REPLACE to INSERT or UPDATE data.
- (iii) Explain with an example, how a file can be uploaded in PHP.

Q.3 Answer the following: (Any Two)

14

- (i) Write a script for login page with appropriate validations.
- (ii) Write a PHP script to list databases available in MySQL database server.
- (iii) Explain any five functions of file handling in PHP.

Q.4 Answer the following:

14

- (i) `Die()`
- (ii) `Print()`
- (iii) `Strstr()`
- (iv) `isset()`
- (v) `Rand()`
- (vi) `Fmod()`
- (vii) `Floor()`
- (viii) `Checkdate()`

Q.5 Write a short note on following: (Any Two)

14

- (i) Cookie
- (ii) Control Structures in PHP
- (iii) Validations of user input

Third Year B.C.A. (Sem. V) Examination

March / April - 2014

PHP MYSQL: Paper-501

(Old Course)

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ Third Year B.C.A. (Sem. V) (CBCS)

Name of the Subject :

☐ Paper-501-PHP MYSQL (Old)

Subject Code No:

Seat No.:

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Student's Signature

(2) Give appropriate example, when require.

(3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- Write a PHP code to read employee details.
- What do you mean by open source?
- Explain an Associative array.
- How will you modify session variables?
- How can you count number of records in a record-set using PHP?
- Explain \$ request using example.
- What are the configuration settings of PHP in IIS web server?
- How to write comments in PHP?

Q.2 Answer the following: (Any Two) 14

- (i) Explain array functions with appropriate examples.
- (ii) Write a script to list databases available in MySQL database server ?
- (iii) Explain Concept of cookies in PHP.

Q.3 Answer the following: (Any Two) 14

- (i) Write a script in PHP for login page which handles validation and change password functionalities.
- (ii) Explain Truncate and Alias terms of MySQL.
- (iii) Construct the various sessions for an application which performs addition and deletion of a particular employee.

Q.4 Answer the following: 14

- (i) Explain PHP data types
- (ii) Discuss different types of tables in MySQL
- (iii) How PHP code is parsed?

Q.5 Write a short note on following: (Any Two) 14

- (i) Php.ini
- (ii) Date types in PHP
- (iii) Application area and Features of PHP

Third Year B.C.A. (Sem. V) (CBCS) Examination

March / April - 2015

Paper : 501 - PHP MYSQL

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

<p>Fill up strictly the details of signs on your answer</p> <p>Name of the Examination:</p> <p><input type="checkbox"/> Third Year B.C.A. (Sem. V)</p> <p>Name of the Subject :</p> <p><input type="checkbox"/> PHP MYSQL: Paper-501</p> <p>Subject Code No.: <input type="text" value="3"/> <input type="text" value="7"/> <input type="text" value="7"/> <input type="text" value="1"/></p>	<p>Seat No.:</p> <div style="display: flex; justify-content: space-around;"> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> </div> <div style="border: 1px solid black; height: 100px; width: 100%; margin-top: 10px;"></div> <p style="text-align: center; margin-top: 10px;">Student's Signature</p>
--	--

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (i) Explain the terms 'Die' and 'Return'.
- (ii) Discuss different ways of commenting php code with example.
- (iii) What is a difference between single quote (') and double quote (' ') in php?
- (iv) What is session?
- (v) What are the different ways to parse the php code?
- (vi) What is auto_append file in php.ini? Explain.
- (vii) What is \$ REQUEST? Explain with example.
- (viii) What are static and global variables?

Q.2 Answer the following: (Any Two)

14

- (i) What are the different from controls to pass data from webpage to other webpage? Explain with example.
- (ii) What are the different control loops in PHP? Explain them with example.
- (iii) How arrays are created in PHP? Discuss any three sorting functions of an array.

Q.3 Answer the following: (Any Two)

14

- (i) Write a script which shows interaction among PHP and MySQL.
- (ii) Explain : (1) implode
(2) Global
(3) array - merge
(4) session-register
- (iii) Discuss different types in PHP.

Q.4 Answer the following: (Any Two)

14

- (i) Mention and explain steps to install PHP in windows and Apache server.
- (ii) Discuss different types of tables in MySQL.
- (iii) Explain conditional structures in php.

Q.5 Write a short note on following: (Any Two)

14

- (i) Php.ini
- (ii) Cookies
- (iii) Php Operators

Third Year B.C.A. (Sem. V) Examination

March / April - 2016

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No:

Seat No.:

--	--	--	--	--	--

Student's Signature

(2) Give appropriate example, when require.

(3) Do not change options.

[Q.1] Answer the following in brief: (Any Seven) :

14

1. Explain Ternary Operator.
2. Compare GET and POST.
3. Explain the define() and require().
4. What is the use of header()?
5. Explain \$_SESSION[].
6. How to create table in MySql through PHP.
7. Differentiate between explode() and unset().
8. What are different ways to parse the PHP code?

[Q.2] Answer the following: (Any Two)

14

1. Explain basic structure of PHP block, how can we write the code PHP and HTML together?
2. What is importance of HTML form? Explain its attributes and the elements use for taking input in it.
3. Discuss how to handle arrays in PHP.

[Q.3] Answer the following: (Any Two)

14

1. Explain loop structures of PHP.
2. What is importance of validations? Is it compulsory to validate all user input? Write code to validate name, age and address fields of particular form.
3. Explain various array functions.

[Q.4] Answer the following:

14

1. Give the difference among the following:
A. `mysql_fetch_array()` and `mysql_fetch_row()`
B. `strstr` and `stristr`.
C. `include ()` and `include_once()`.
D. `chr()` and `ord()`
2. What is importance of passing data between two pages? How do you achieve this if you want to do so?
8

[OR]

Describe on unregistering and deleting session variables.

[Q.5] Write a short note on following: (Any Two)

14

1. Cookies
2. Write a code for the following:
A. Insert a record in table of your choice
B. Update record according to ID passes in textbox.

Third Year B.C.A. (Sem. V) Examination

March / April - 2017

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

Name of the Subject :

Subject Code No.:

7.

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (1) What is difference between single quote literal and double quote string literal in PHP?
- (2) What are the default session time and path?
- (3) What is echo and print in PHP? What is difference between these?
- (4) Explain the terms of 'Die' and 'Return'.
- (5) What are the different ways to parse the PHP code?
- (6) Explain `$_SESSION[]`.
- (7) Differentiate between `include()` and `require()`.
- (8) Discuss different ways of commenting php code.

Q.2 Answer the following: (Any Two)

14

- (1) Discuss different data types of PHP.
- (2) Discuss different Loops available in PHP.
- (3) Explain user defined functions.

Q.3 Answer the following: (Any Two)

14

- (1) Explain session variables. Explain how they are handled.
- (2) Explain the use of cookie. When cookie is expired? Explain how it is created and retrieved.
- (3) Explain various math functions.

Q.4 Answer the following:

14

(1) Give the difference among the following (Any Two)

8

- (1) Get and Post
- (2) Mysql_fetch_array() and mysql_fetch_row().
- (3) Static variable and Global variable

(2) Write a script for login page with appropriate validations.

6

Q.5 Write a short note on following: (Any Two)

14

- (1) Data functions of PHP
- (2) Different types of tables in MySql
- (3) Arrays in PHP.

Third Year B.C.A. (Sem. V) Examination

March / April - 2018

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ Third Year B.C.A. (Sem. V)

Name of the Subject :

☐ PHP MYSQL: Paper-501

Subject Code No.:

Seat No.:

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

1. Answer the following in brief: (Any Seven)

14

- (1) What is difference between single quote string literal and double quote string literal in PHP?
- (2) What is meaning of LAMP and WAMP.
- (3) What do you mean by open source?
- (4) Explain define().
- (5) Explain POST method.
- (6) What is use of isset() function?
- (7) Explain Ternary operator with example.
- (8) What do you mean by Add-ons?

2 Answer the following: (Any Two) 14

- (1) Discuss different data types of PHP.
- (2) Discuss different loops available in PHP.
- (3) Explain user defined functions.

3 Answer the following: (Any Two) 14

- (1) Discuss different types of tables in MySQL.
- (2) Explain session variables. Explain how they are handled.
- (3) How arrays are created in PHP? Discuss any three sorting functions of an array.

4 Answer the following: 14

(1) Compare the following: (Any Two) 8

- (a) Client Side Scripting and Server Side Scripting
- (b) == and ===.
- (c) Include () and Include_once().
- (d) \$_GET[] and \$_POST[]

- (2) Write a PHP script to accept a sentence using textbox, count number of words in it and display result appropriately. 6**

5 Write a short note on following: (Any Two) 14

- (1) Date functions of PHP
- (2) Validation functions of PHP
- (3) Cookie

Third Year B.C.A. (Sem. V) Examination

March / April - 2019

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer book

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No.:

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

1. What is purpose of @ in PHP?
2. How is constant defined in a PHP script?
3. How to get no of arguments passed to a PHP Function?
4. How to get length of an array?
5. How PHP code is parsed?
6. What is use of isset() function?
7. What is meaning of LAMP and WAMP.
8. What do you mean by open source?

Q.2 Answer the following: (Any Two)

14

1. Explain steps of Database connectivity of PHP and MySQL.
2. Explain how to validate the User Input?
3. Discuss different types of tables in MySQL.

Q.3 Answer the following: (Any Two)

14

1. Discuss different condition statements available in PHP.
2. Explain session variables. Explain how they are handled.
3. How arrays are created in PHP? Discuss any three sorting functions of an array.

Q.4 Answer the following:

14

1. Compare the following: (Any Two)

8

- a. For and For each
- b. == and ===.
- c. Include () and Include_once().
- d. echo and print

- 2** Write a PHP script to accept a sentence using textbox, count number of words in it and display result appropriately.

6

Q.5 Write a short note on following: (Any Two)

14

1. Php.ini
2. Date functions of PHP
3. Cookie

Third Year B.C.A. (Sem. V)(CBCS)Examination

Oct / Nov - 2013

PHP MYSQL: Paper-501 (Old Course)

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer					
Name of the Examination:					
<input type="checkbox"/>	Third Year B.C.A. (Sem. V)				
Name of the Subject :					
<input type="checkbox"/>	PHP MYSQL: Paper-501				
Subject Code No.	:	<input type="text" value="3"/>	<input type="text" value="7"/>	<input type="text" value="7"/>	<input type="text" value="1"/>

Seat No.:

Student's Signature _____

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (i)** State when PHP is more suitable than its companion technology?
- (ii)** How to delete session variables?
- (iii)** Differentiate between static and global variable.
- (iv)** Explain REQUEST method.
- (v)** Explain the terms "Die and Return."
- (vi)** What is auto_append file in php.ini? Explain it.
- (vii)** What is \$_REQUEST? Explain with an example.
- (viii)** What is echo and print in PHP? What is a difference between these?

Q.2 Answer the following: (Any Two)

14

- (i) Write a script for login with all validations.
- (ii) Explain user defined functions.
- (iii) While working in PHP what are the different configuration settings one has to do with IIS and Apache web servers?

Q.3 Answer the following: (Any Two)

14

- (i) How arrays are created in PHP? Discuss any three sorting functions of an array.
- (ii) Explain any seven Math functions of PHP.
- (iii) Explain about FORM elements and INPUT elements

Q.4 Answer the following:

14

- (i) current()
- (ii) ord()
- (iii) strpos()
- (iv) each()
- (v) strrpos()
- (vi) chr()
- (vii) str_replace()
- (viii) in_array()

Q.5 Write a short note on following: (Any Two)

14

- (i) Explain validations of user input.
- (ii) Explain the terms 'Order by' and 'Truncate' of MySQL with examples
- (iii) How to start, modify and unregister the session variables.

Third Year B.C.A. (Sem. V)(CBCS)Examination

Nov / Dec - 2014

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No.:

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (i)** Explain `$_session()`.
- (ii)** Explain exit and return.
- (iii)** What are the different ways to retrieve data in the result set of MySQL using Php.
- (iv)** What are the default session time and path?
- (v)** Discuss Order by Clause.
- (vi)** Write select, insert, update and delete queries in MySQL taking suitable example.
- (vii)** Compare For and For each.
- (viii)** Discuss static variable with example

Q.2 Answer the following: (Any Two)

14

- (i) Explain how php code is parsed?
- (ii) Explain the use of cookie. When cookie is explained? Explain how it is created and retrieved?
- (iii) Discuss Features of Php?

Q.3 Answer the following: (Any Two)

14

- (i) Discuss different data types in PHP.
- (ii) Discuss different data types of tables in MySql
- (iii) Explain string functions of PHP.

Q.4 Discuss following with examples.(Any 7)

14

- (i) Fmod
- (ii) Rtrim
- (iii) Rand
- (iv) Isset
- (v) List
- (vi) Assort
- (vii) Count
- (viii) in_array()

Q.5 Do as directed :

14

(a) Write a short note on following: (Any One)

07

- (i) Validations of user input.
- (ii) Control structure in php

(b) Write a php script for validations of registration form which consists of name, address, phone and gender for any user.

07

Third Year B.C.A. (Sem. V) Examination

Nov / Dec - 2015

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No.:

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (1) What is difference between echo and print.
- (2) Compare for and for each.
- (3) State when PHP is more suitable than its companion technology?
- (4) What is use of header()?
- (5) Explain exit and return.
- (6) What are the ways to delete session variables?
- (7) Explain REQUEST method.
- (8) What are default session time and path?

Q.2 Answer the following: (Any Two)

14

- (i) Discuss different data types in PHP.
- (ii) Discuss different loops available in PHP.
- (iii) Explain user defined functions.

Q.3 Answer the following: (Any Two)

14

- (i) How arrays are created in PHP? Discuss any three sorting functions of an array.
- (ii) What are session variables? Explain how they are handled.
- (iii) Discuss different data types of tables in MySQL.

Q.4 Answer the following:

1. Give the difference among the following:

8

- A. `require()` and `include()`
- B. Session and Cookie
- C. `==` and `===`
- D. `isset()` and `unset()`

2. Discuss Math functions of PHP.

6

[OR]

Discuss PHP operators

Q.5 Attempt the following:

14

- (i) Explain Truncate , Alias and Order by of MySQL.
- (ii) Write a script in PHP for login page which handles validations.

Third Year B.C.A. (Sem. V) Examination

Oct / Nov - 2016

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

Name of the Subject :

Subject Code No.:

7. **Write the following code to create a table named 'tbl_employee' in the database 'mydb'.**

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (1) What is difference between single quote string literal and double quote string literal?
- (2) What is echo and print in PHP? What is difference between two?
- (3) Compare for and for each.
- (4) State when PHP is more suitable than its companion technology.
- (5) What is use of header () function?
- (6) Explain exit and return.
- (7) How to delete session variables?
- (8) Discuss different types of commenting PHP code.

Q.2 Answer the following: (Any Two)

14

- (i) Explain about FORM elements and INPUT elements.
- (ii) Discuss concept of Cookies in PHP.
- (iii) Describe conditional statements of PHP.

Q.3 Answer the following: (Any Two)

14

- (i) Discuss how to handle arrays in PHP.
- (ii) Explain static variable and global variable with example.
- (iii) What are the different form controls to pass data from one webpage to other webpage? Explain with example.

Q.4 Do as directed:

14

1. Give the difference among the following: (Any 2)

8

- A. Require() and Include()
- B. Get and Post
- C. Include() and Include_once()

2. Write script in PHP for login page which handles different validations.

6

Q.5 Write short notes on the following: (Any two)

14

- (i) Operators
- (ii) Truncate and Alias.
- (iii) Session.

Third Year B.C.A. (Sem. V) Examination

Oct / Nov - 2016

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No.:

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (1)** What is client side scripting?
- (2)** What is the use of isset() function?
- (3)** What do you mean by open source?
- (4)** Explain Ternary Operator with example.
- (5)** Explain POST method.
- (6)** Explain define()
- (7)** What do you mean by Querystring?
- (8)** Discuss Order By Clause.

Q.2 Answer the following: (Any Two)

14

- (i) Explain basic structure of PHP block. How can we write the code of PHP and HTML together?
- (ii) What is HTML form? Explain various form elements with its attributes.
- (iii) Explain different validations of user inputted data using some appropriate example.

Q.3 Answer the following: (Any Two)

14

- (i) What are the different control loops in PHP ? Explain them with example.
- (ii) Explain default argument with example.
- (iii) Explain various string functions.

Q.4 Do as directed:

14

1. Give the difference among the following: (Any 2)

8

- A. == and ===
- B. For and For each
- C. Include() and Include_once()

2. Write a PHP script to list data available in the table.

6

Q.5 Write short notes on the following: (Any two)

14

- (i) Date functions
- (ii) Functions of MySQL
- (iii) Cookies

Third Year B.C.A. (Sem. V) Examination

Oct / Nov - 2017

PHP MYSQL: Paper-501

[Time: 3 Hours]

[Total Marks: 70]

Instructions

(1)

Fill up strictly the details of signs on your answer

Name of the Examination:

☐ **Third Year B.C.A. (Sem. V)**

Name of the Subject :

☐ **PHP MYSQL: Paper-501**

Subject Code No:

Seat No.:

Student's Signature

- (2) Give appropriate example, when require.
- (3) Do not change options.

Q.1 Answer the following in brief: (Any Seven)

14

- (1) What do you mean by QueryString? Explain with example.
- (2) Explain 'Order BY' clause with example.
- (3) How do you modify session variable?
- (4) What is REQUEST method?
- (5) Explain INPUT element.
- (6) How PHP code is parsed?
- (7) List features of PHP.
- (8) Explain Exit , Die and Return with reference to PHP.

Q.2 Answer the following: (Any Two) 14

- (i) Explain steps of Database connectivity of PHP and MySQL.
- (ii) What is HTML form? Explain various form attributes.
- (iii) Explain default argument with example.

Q.3 Answer the following: (Any Two) 14

- (i) Explain Request- Response cycle in web communication.
- (ii) Discuss different operators available in PHP.
- (iii) Discuss Functions of MySQL with example.

Q.4 Answer the following: 14

- 1. Compare the following: (Any 2) 8
 - A. Break and Continue
 - B. Static variable and Global Variable
 - C. For and For each
 - D. Strstr and Stristr
- 2. Write a PHP script to input data into the textbox, count number of digits and display result appropriately. 6

Q.5 Write short notes on the following: (Any two) 14

- (i) Session Management
- (ii) Cookie
- (iii) Array and its Functions of PHP.

Third Year B.C.A. (Sem. V) Examination

Nov/Dec- 2018

PHP MYSQL: Paper-501

[Time: 3 Hours]
